

2008 Sauvignon Blanc
ESTATE GROWN - SANTA RITA HILLS

Winemaker's Notes:

Incredibly well balanced, true Sauvignon Blanc lovers will enjoy the riveting fruit suggesting cherimoya, mango, and juniper berry with a stony minerality to back it all. It is a wine of finesse that is a delight with shellfish, seafood, smoked ham or turkey.

2008 Syrah
IDENTITY CRISIS

Winemaker's Notes:

It's *not* a rosé nor resembles a White Zin. It's more complex and sophisticated than both - yet fun! With only a flash of color, this bone dry white has delicate, perplexing nectarine/pomegranate fruit accented by a hint of cinnamon, brought together by a lovely, soft texture on the palate.
A versatile beauty.

2006 Chardonnay
"RITA'S EARTH CUVEE" *Sta. Rita Hills*

Winemaker's Notes:

A fusion of Bosc pear and sweet-tart apple backed by light oak with an uncanny essence of fresh minerality which is a signature of this region.
Excellent with roast chicken, sea food, pasta dishes with a white sauce.

2008 Pinot Gris
NAUGHTY LITTLE HILLSIDES

Winemaker's Notes:

From a section of our estate vineyard producing less than a ton an acre, comes this extraordinary dry white. Aromas of fresh pear and apple enhanced by a hint of spice and minerality are carried through to a palate of super luxurious texture.

2007 Chardonnay
"GRAND CUVEE"

Winemaker's Notes:

Our "reserve" Chardonnay is very complex. Generous flavors of ripe, lemony pineapple with a toasty, sweet vanilla that leans towards marzipan are complemented by a luxurious texture counterpointed by excellent acidity and a crisp mineral sensation.
